

Flex & Grip® Class 2 Article No.: 67152RG301

The Flex & Grip® Class 2 gloves are designed for electrical work, providing reliable protection for live tasks up to 17,000 volts. These gloves combine durability with comfort, featuring a thickness of 3.1 mm for optimal insulation and flexibility. Engineered for high-performance environments, they are tested to 20,000 volts to ensure safety and reliability in challenging conditions. Compliant with international standards, these gloves are suitable for a wide range of applications in live electricity handling.

SPECIFICATIONS

Style & Design:

- Tested to 20,000 volts, with a maximum use voltage of 17,000 volts
- **Length:** 41 cm for full arm coverage
- **Thickness:** 3.1 mm for optimal flexibility and safety
- **RC Category:**
 - R: Resistance to acid, ozone, and oil
 - C: Resistance to very low temperatures

Size:

- SExtra Small (XS) to Double Extra Large (2XL), sizes 6 to 12

Color:

- Orange

Origin:

- France

PROTECTION

- Suitable for live electrical work up to 17,000 volts

APPLICATIONS

Ideal for live electricity handling in industrial and maintenance environments

STANDARDS

Manufactured according to **EN 60903:2003** and **IEC 60903:2002** Standards

Always Value Everybody's Safety
