

FLASH & GRIP - CLASS 3

Article No.: 67230RG704

The Flash & Grip Class 3 gloves are designed for live electrical work, providing protection for tasks involving voltages up to 26,500 volts. With a lightweight design and a thickness of 0.42 mm, these gloves ensure both safety and dexterity for the user. Tested to 30,000 volts, they comply with international safety standards, making them ideal for various applications in live electricity handling

SPECIFICATIONS

Style & Design:

- Tested to 30,000 volts, with a maximum use voltage of 26,500 volts
- **Length:** 41 cm for adequate arm protection
- **Thickness:** 0.42 mm for enhanced flexibility and comfort
- **PPE Category III** (Directive 89/686/EEC)
- Tested to IEC 61482-1-2 and ASTM F2675

Size:

- Extra Small (XS) to Double Extra Large (2XL), sizes 6 to 12

Color:

- Red

Origin:

- France

PROTECTION

- Suitable for live electrical work up to 26,500 volts
- Certified under **Category III** (Mortal Risk)

APPLICATIONS

Ideal for live electricity handling in industrial and maintenance environments

STANDARDS

Manufactured according to **EN 60903:2003** and **IEC 60903:2014** standards

Always Value Everybody's Safety
